

FP15-PMT

15-INCH FLAT PANEL DISPLAY WITH TOUCH SCREEN

iKey's line of high-quality, compact TFT flat panel displays are ideal solutions for industrial computing environments. Our flat panel displays can be easily integrated into new or existing systems. The new FP15-PMT features 350 nits of brightness, a stainless steel front bezel and a resistive touch screen. It is rated NEMA 4X, making the unit a durable solution that resists corrosion, dust, water and ice. Menu items such as brightness and contrast are easily accessed on the back of the display.

Features:
Resistive Touchscreen
Stainless Steel Case
