Havis® Heavy Duty Angled Series

Computer Mount Console

It's Smart,
It's Safe,
It's Stout!

HAVIS
Productivity in motion

Heavy Duty Console Equipment

Ideal Mounting Systems

C-SM-830 shown with Motorola MW800 monitor & keyboard, and Pentax PocketJet printer

- Low profile, safe and strong.
- Specifically designed for sturdy, compact computer mounting.
- 2 piece housing allows for adjustable height (Expands 1” or 2” to provide additional internal mounting depth)
- Independent keyboard and monitor brackets allow installer to customize height positioning.
- Swing arm feature provides easy and comfortable positioning of keyboard or laptop.
- Mounts to vehicle hump bracket or trak mount base, ordered separately (with trak mount recommended)
- Accepts all Heavy Duty Console equipment brackets & filler plates (Up to 8”).
- Modular design allows for add-on options such as:
  - Slide out printer mount (C-PMS)
  - Low profile console extension (keeps control heads below seats) (C-SM-800)
  - Cup holder, lighter outlets, & most Havis Console accessories.

Heavy Duty Swing Arm

The heavy duty swing arm is a perfect mount for laptop computers or keyboards. The height is set at installation so there is no need for up/down mechanisms that are rarely used. The swing-arm is safely locked into stored position or released for use by a spring lock.
