

Storage Box for Utility Vehicles

Keep equipment safe, secure and out of sight

The Universal Storage Box for Utility Vehicles provides a safe and secure mounting area for equipment.

Universal Fold Down Design

Havis introduces the Universal Storage Box for Utility Vehicles, a new storage box that mounts into the cargo area in any utility area. The universal design allows it to be mounted behind the rear seat, against a partition or K9 transport unit, or any flat surface.

- Universal mounting design: bolts to any flat surface (drilling may be required)
- Hinge down door allows easy access to equipment
- Equipment protected when in closed position
- Equipment mounts to removable inner door panel for bench top pre-assembly
- Includes two cam latches
- Includes two upper and two lower vents for electronic
- Includes wire harness access holes with grommets
- 14-gauge formed steel with a black medium texture powder coat finish
- Overall size is 38" wide x 18" high x 10" deep providing a mounting surface of 33.5" wide x 15" deep
- More equipment can be mounted to inside walls of box

Havis Universal Storage Boxes mount to the back seat, partition, K9 unit, or any flat surface.
