

All New Mobile Office Solutions for the 2013 Ford Interceptor Sedan

Industry-Leading Products for the New Interceptor

Maximize your mobile workspace with intuitive mounting and computing solutions from Havis. We strive to engineer products that make performing tasks during long shifts easier and more comfortable. Havis now offers two all new equipment consoles, including a low-profile option, that allows for safer mounting of controls and accessories while providing a perfect mounting location for computer solutions.

Equipment Mounting to Fit Your Needs

Havis offers two custom-fit consoles designed specifically for the new 2013 Ford Interceptor Sedan that replace the OEM console without permanent vehicle modification. These options better serve your specific needs, and offer double the internal mounting space than competitive products. Providing space for mission critical controls while achieving OEM-level quality, fit and finish, Havis stands behind its products and proves it with a lifetime warranty.

- **Vehicle Specific 14" Console (C-VS-1400-INSE)**

This new low profile console was specifically designed for the 2013 Interceptor Sedan. This console is a perfect solution for an application with smaller remote-control heads and less equipment. Allows full access to OEM dash controls, USB ports and power outlets.

- **Vehicle Specific 23" Console (C-VS-1508-INSE)**

The Standard console allows for larger equipment control heads to be mounted inside the console without protruding and becoming a safety hazard. Allow full access to OEM dash controls, USB ports and power outlets.

*See website for side view depth measurements

Additional Havis products for the 2013 Ford Interceptor

Premium Passenger Side Mount Package

Premium Passenger Side Mount Package Features:

- Vehicle-specific mounting base that mounts to existing OEM seat bolts for easy installation and requires no modification to vehicle
- Heavy duty height-adjustable poles that bolt to vehicle-specific base for on-demand adjustability for multiple users and easy storage
- Upgraded swing arm with motion adapters that are ideal for computer usage from both the driver and front passenger seats
- Stability support arms that add upper pole support for premium top level stability
- Part #: PKG-PSM-241 (Standard Passenger Side Mount: PKG-PSM-141)

Fold Down Trunk Tray

- Premium Fold Down Trunk Tray assembly with slide out equipment tray allows easy mounting and access to electronic components
- Mounts in the forward end of Interceptor Sedan's trunk in order to maximize rear trunk space
- When the Trunk Tray is hinged up in the closed position, all items mounted on the tray will be protected from damage
- Slide out equipment tray is easy to remove and reinstall for service needs as well as pre-installation of equipment
- Part #: C-TFD-INSE-1 (Standard Trunk Tray: C-TTB-INSE-1)

Fold Down Trunk Tray

Dash Monitor Mount

Dash Monitor Mount (Coming Soon)
