

Weatherproof Docking Station for Panasonic Toughbook 19

IP-65 Compliant

If you work outside, you know weather is a factor in everything you do. With the Havis IP65 Weatherproof Docking Station for the Panasonic Toughbook 19, the weather won't affect your mobile computing. Building on our reputation as a designer of the industry's best mobile computing solutions, Havis has developed a lightweight and strong design that is built with theft deterrence, longevity, stability, and the elements in mind.

- Ingress protected to the highest rating for dust (dust tight)
- Ingress protected to withstand jets of water from every direction, a force similar to that of heavy seas
- Full port replication and integrated strain relieving provide simple, safe, and secure connectivity to essential peripherals, as well as convenient and efficient cable management
- Rounded corners and edges are ideal for your safety in accidents and airbag deployment, in addition to daily use and operation of docking station
- Supplied mounting bracket designed to fit all Havis mounting equipment and most competitors mounting equipment
- Durable front hooks help guide your computer into the docking station, ensuring proper alignment and docking connectivity
- Easy to use latching handle makes certain your computer is safe and secure

DS-PAN-214 with a Toughbook 19 inside a Dive and Rescue Boat.

Docking Connector Gasket (Left) ensures water and dust protection while computer is docked. Docking Connector Cover (Right) protects Connector while computer is not docked.

Maximize peripheral options with a full range of port replication.

What Does IP65 Mean?

Ingress Protection rating determines the ability to protect enclosures from dust and water. The “65” means your docking station is able to withstand the highest ingress rating of “Dust Tight”, and is able to protect against jets of water from every direction, a force similar to that of heavy seas.

Cable Cover provides protection from the elements while maintaining secure, reliable connections to vital peripherals.

Port Replication

- Best-in-class circuit and power system supports fully powered USB 2.0
- Speaker & Mic: Stereo (1 each)
- USB: Fully-Powered USB 2.0 (3)
- Ethernet: RJ45 Ethernet (1)
- Serial DB9 (2)
- Video: VGA D-Sub 15 pin (1)
- Antenna: Dual Hi-Gain (optional)
- EMI Shielding: Yes
- Input Voltage: 15.6 V DC through approved adapter

Specifications

Height: 3.3” (8.2 cm)

Width: 10.9” (27.7 cm)

Depth: 11.0” (27.9 cm)

Weight: 4.5 lbs (2.1 kg) Part # DS-PAN-214

Construction: Aircraft grade aluminum uni-body with glass reinforced PC-ABS impact resistance plastic covers

Finish: Hardened silver powder coat

Certifications

- IP-66 Compliant
- Vibration Testing: MIL-STD 810G 514.5
- Impact Test: 24 Gs on 3 Axes
- Cycle Test: Latch tested to 30,000 cycles
- CE, FCC
