

TSP100 futurePRNT

The World's First ECO Dedicated POS Printer

The TSP100ECO, the world's first ECO POS printer, further extends the legacy that is the TSP100 *futurePRNT*. The TSP100ECO supports Star's commitment to being ecologically responsible, while allowing Star to continue to provide a high-speed, software enriched, economical choice for users.

The TSP100ECO brings an array of environmental benefits including:

- 75% Reduction in Power Consumption
- 5% to 70% Reduction of Paper Consumption
- New Halogen-Free Printer Housing
- **NEW** Recyclable Packaging
- 5 years CO₂ Emissions Free (Carbon offset)

- High speed receipt printing 28 RPM
- Internal Power supply
- All start-up accessories included in the box
- Optional Receipt on Demand Printing
- ENERGY STAR® Qualified
- Instant "Wake-Up" from Sleep Mode

The TSP100ECO electronics has been designed with an advanced power management circuitry which allows any user to reduced their printer current consumption by up to 75% (vs. similar industry products). Developed with smart paper management features, the TSP100ECO is designed to minimize the environmental impact of point of sale printing. Adding to the environmentally friendly design is the TSP100ECO's cover unit. The cover unit is manufactured with Halogen-Free recycled plastics. The packaging each printer is shipped in, is also recycled and eco-friendly. The TSP100ECO is also offered with a full 3 Year Warranty!
