

Standard lithium-ion battery provides excellent battery performance for long-lasting scanning performance and standby time. Battery is lightweight and "memory-free".

The batteries are precision-engineered and rigorously tested for voltage, capacity, compatibility, and safety to exceed original equipment manufacturer specifications.

- Thickness: 6mm (0.24 inches)
- Capacity: 3.7 Volts (1070 mAh)
- Weight: 15 grams (0.53 ounces)
- Chemistry: Li-Ion

Warranty: 90 days
