Epson LabelWorks™ LW-1000P
Thermal Wireless Printer

From the office to the warehouse, Epson's small and compact LabelWorks LW-1000P printer meets a wide range of labeling needs with easy-to-use templates for cost-effective, flexible label design and printing.

- Create and print labels from PC/Mac or directly from iOS/Android device with Epson iLabel
- Prints label widths up to 36mm
- Fast print speeds of up to 35mm/sec
- Crisp, clear 360 dpi printing resolution
- Cost-effective tape cartridges yield more labels
- Accepts label data from Excel® or CSV formats
- ENERGY STAR® qualified

Versatile, flexible label printing
Epson's LabelWorks LW-1000P compact, lightweight label printer has the flexibility to create a wide variety of professional labels up to 36mm wide. Designed for use of up to 100 labels a day, it is ideal for office, factory and warehouse use. With a resolution of 360 dpi and a print speed of up to 35mm/second, you'll get the high-quality labels you need when you need them.

Simple-to-use label design software
With LabelWorks LW-1000P Label Editor software you can choose from 1,000 pre-loaded label templates, or design your own. The software allows you to select fonts, styles and borders, and a special toolbar enables you to add pre-defined frames, symbols, barcodes and images. And you can import data in Excel® and CSV formats.

Flexible media options
Epson offers a wide selection of tapes from 6mm up to 36mm wide, including transparent labels, cable wraps, matte paper labels and more, plus a choice of adhesive strengths and color combinations.

All Epson labels are extremely durable and hold up in harsh environments. And the LabelWorks LW-1000P minimizes label margins, yielding more labels per tape than other printers.

Easy-to-use features
The Epson's LabelWorks LW-1000P features multiple ease-of-use features including top-loading cartridges, cable-free connectivity, automatic tape width detection, built-in full and half-cutter options and an integrated trimmer for rounded label edges. And it offers the quality and reliability that Epson is known for.

Multiple connectivity options
The LabelWorks LW-1000P printer comes with USB, wireless LAN and Ethernet interfaces and works with both PC and Mac operating systems. In addition, with Epson's iLabel app, you can print directly from iOS and Android mobile devices.

Wide variety of uses
The LabelWorks LW-1000P has the versatility to print everything from file, shelf and asset labels to barcode stock labels, asset tags, shipping labels and more.
