- Adjustable bill and coin compartments
- Media slot for checks and large bills
- User programmable cash drawer opening codes
- Port-powered drawers available with USB interface, no power adapter required
- Three position lock for maximum cash security
- Small form factor without sacrificing till size

# CR3000

## Cash Drawer

The CR3000 series of standard duty cash drawers is compact in size, enabling retailers to utilize scarce counter or shelf space for more important functions. The units make very efficient use of internal space, with the till being almost the same size as those found in larger drawers. The CR3000 series also comes with important security features: all metal construction, no exposed screws and three position locks. Bematech cash drawers work with all major brands of Point-of-Sale printers and offer a wide selection of interfaces. The CR3000 series interfaces include: printer driven, USB, serial and OPOS. The CR3003 USB cash drawers are port-powered and CR3006 serial drawers come with external power adapters.

# CR3000 SPECIFICATIONS

## MECHANICAL

Weight	14.3lbs (6.Kg)
Dimensions (W x H x D)	15.7in x 3.3in x 16.1in (39.8cm x 8.3cm x 40.9cm)
