

redbeam

Track tools, equipment, file folders, rental items or demo gear using this intuitive, affordable and complete tracking system!

CHECK IN CHECK OUT

Barcode

Barcode circulating items and the ID badges of your employees, members, customers or students.

All RedBeam software packages come with durable barcode labels that can be printed on your standard laser printer.

Scan

Use a barcode scanner to scan the ID of the person checking the item in or out. Then scan each item to complete the transaction.

Use a cabled scanner with the Standard Edition or a mobile scanner with the Mobile Edition.

Track

Generate useful transaction reports and print or export to Microsoft® Excel.

Report on checked out and overdue items, usage by person, project or department, rental and overdue fees and more!

Everything You Need to Start Tracking Today!

Intuitive. Affordable. Complete.
Getting started is easy with RedBeam!
