

## Why choose Zebra® printers for your self-serve and ticket-printing applications?

Only Zebra provides a complete, one-source solution for all your printing needs, including media.

### Rely on Zebra for:

- » Best-of-breed direct thermal receipt, ticket and document printers that are well-known in the kiosk industry for their reliability, durability, versatility, easy loading and small footprint. Plus, our proprietary Windows® drivers optimize image quality compared to other-brand printers.
- » Outstanding worldwide support and service. Zebra and our experienced partner network are there to serve you in 100 countries.
- » An extensive selection of genuine Zebra™ supplies, which are engineered for and tested on Zebra printers for optimal printer performance. Many Zebra supplies are in stock and ready to ship within one business day.

## Zebra® Embedded/Kiosk Printers

Ideal for unattended printing applications

## Rugged, Reliable Printers for Your Self-Service and Ticketing Applications

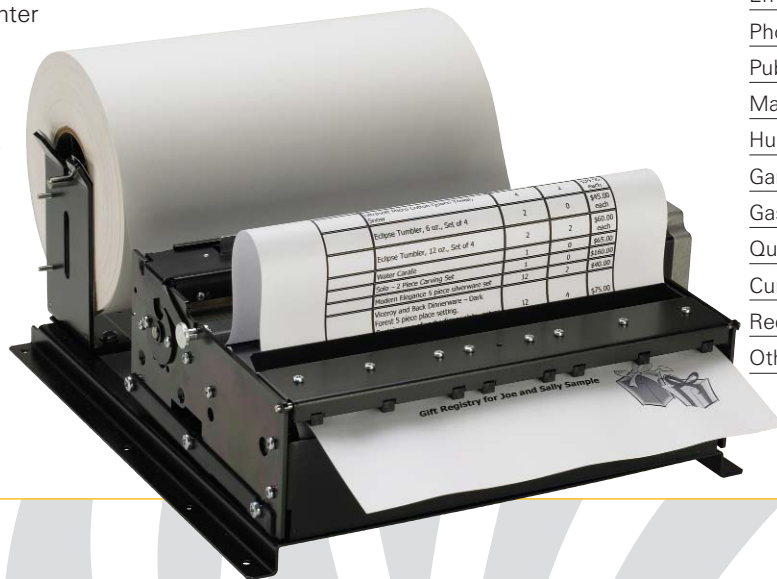

### Reliable Performance in Tough Printing Applications

Whatever your unattended printing application, from boarding passes to gift registries, Zebra has a compact direct thermal printer right for you. Zebra's open-frame printers for kiosk solutions are designed for embedded use. Our ticket printers are available as embedded mechanisms for kiosks, and as free-standing desktop units for attended ticketing; both can encode tickets with bar codes or magnetic stripes.

While a kiosk printer will face thousands of users, no one is there to clear paper jams, replace media, or otherwise maintain its operation. It needs to be failsafe. Likewise, in attended ticket booths, associates serving long lines of customers need a printer they can trust.

Count on Zebra kiosk receipt and ticket printers for practically perpetual performance. We build them for tough printing environments where reliability, durability, minimal maintenance and ease of use are critical.

	Ticket Printers (width mm)		Receipt Printers (width mm)			
	TTPM (54)	TTP 2100 (50-82.5)	TTP 2000 (58-82.5)	TTP 7000 (80/112)	TTP 8000 (210/216)
